What is the main message of The Black Cat? "The Black Cat" can be read as a temperance tale, a story that warns of the disastrous effect alcohol can have on a person's life and the happiness of their

household. The story explores how alcoholism causes the narrator to behave like the tyrant of his household, caring only for his own needs and emotions.

What is the first cat's name in *The Black Cat*? The eponymous cat is named Pluto after the Roman god of the Underworld. Although Pluto is a neutral character at the beginning of the story, he becomes antagonistic in the narrator's eyes once the narrator becomes an alcoholic.

What does the fire symbolize in *The Black Cat*? B.A. Fire is traditionally a symbol of both purification and destruction, and both are much in evidence in the fire that engulfs the narrator's house in "The Black Cat". On the one hand, the fire symbolizes the hell that the narrator is sure that awaits him for carrying out such a heinous act as hanging his cat.

What is the hidden message of *The Black Cat*? The narrator closes up his wife and, accidentally, the second black cat behind a wall, symbolizing how he attempts to repress his guilt. With his wife hidden and the cat out of sight, he is able to sleep through the night, no longer tormented with reminders of how he destroyed his entire happy household.

What is the main problem in *The Black Cat*? In "The Black Cat" the central conflict is the narrator fighting against his own violent and abusive impulses and the supernatural aspect of the cat's presence after its death. In this sense, the story is an example of what's known as "man against himself."

What is ironic about the ending of *The Black Cat*? He thinks he has got away with murder, but in the end, one learns that he had accidentally buried the cat alive with his wife. The cat reveals his hiding spot when he is caught by the police.

What is the central purpose of *The Black Cat*? More than any of Poe's stories, "The Black Cat" illustrates best the capacity of the human mind to observe its own deterioration and the ability of the mind to comment upon its own destruction without being able to objectively halt that deterioration.
