What is the main message of The Black Cat? “The Black Cat” can be read as a temperance tale, a story that warns of the disastrous effect alcohol can have on a person's life and the happiness of their household. The story explores how alcoholism causes the narrator to behave like the tyrant of his household, caring only for his own needs and emotions.

What is the first cat's name in The Black Cat? The eponymous cat is named Pluto after the Roman god of the Underworld. Although Pluto is a neutral character at the beginning of the story, he becomes antagonistic in the narrator's eyes once the narrator becomes an alcoholic.

What does the fire symbolize in The Black Cat? B.A. Fire is traditionally a symbol of both purification and destruction, and both are much in evidence in the fire that engulfs the narrator's house in "The Black Cat". On the one hand, the fire symbolizes the hell that the narrator is sure that awaits him for carrying out such a heinous act as hanging his cat.

What is the hidden message of The Black Cat? The narrator closes up his wife and, accidentally, the second black cat behind a wall, symbolizing how he attempts to repress his guilt. With his wife hidden and the cat out of sight, he is able to sleep through the night, no longer tormented with reminders of how he destroyed his entire happy household.

What is the main problem in The Black Cat? In "The Black Cat" the central conflict is the narrator fighting against his own violent and abusive impulses and the supernatural aspect of the cat's presence after its death. In this sense, the story is an example of what's known as "man against himself."

Why did the man hang the cat in The Black Cat? Instead of feeling remorseful, the narrator just feels irritated at the cat's behavior. The narrator hangs the cat 'in cold blood' from a tree. That night, his house burns down. The narrator, his wife, and their servant all escape the fire unharmed, but the fire destroys his home and all of his possessions.

Why does the narrator cut out Pluto's eye? In "The Black Cat" by Edgar Allan Poe, the narrator cuts out one of the eyes of his cat, Pluto, because of his increasing alcoholism and resulting madness. The narrator in "The Black Cat" becomes increasingly unstable as the story progresses, due to his excessive drinking and resulting guilt.

How did the police find the wife's body in The Black Cat? Commenting upon the solid craftsmanship of the house, he taps on the wall—behind which is his wife's body—with a cane. In response to the tapping, a long, loud cry emanates from behind the wall. The police storm the wall and dismantle it, discovering the hidden corpse. Upon its head sits the missing cat.

Why did black cat become black cat? Unable to exact revenge against the man who ruined her life, Felicia becomes a cat burglar like her father, determined to be even better than he was. Donning a black costume and mask, she becomes the Black Cat and seeks to steal from the world to replace what was taken from her.
